Dr. Norman Shealy's Energy Medicine: Practical Applications and Scientific Proof

With Dr. C. Norman Shealy, M.D., Ph.D.

"Energy medicine is the future of our health." Dr. C. Norman Shealy

Everything is energy. This new program, based on Dr. Shealy's book of the same name, will give you practical, readily applied guidance on creating a life filled with greater health, energy, and vitality. Drawing on his lifetime of experience as a medical doctor and holistic practitioner, Dr. Shealy will take you on a journey into the world of energy medicine, where you will learn to balance your own physical and psychological states to create healing and wholeness.

Our bodies are just one manifestation of spiritual energy, temporarily in a physical body, the temple of our earthly existence. Once we understand and balance our spirits, minds, and bodies, we will also be less influenced by the emotional chaos of others and the world around us. Over the past few decades a wide variety of energy tools have been added to traditional ones to assist us in maintaining and restoring health.

Balance living—uniting body, mind, and soul--- can make our lives happier, healthier, easier, more productive, and more successful. Using lecture, practical examples, and anecdotes, Dr. Shealy shares energetic tools to help you create a life filled with greater health, energy and vitality! So come spend the day with this renowned holistic health pioneer as he leads YOU to wholeness!

Dr. C. Norman Shealy is a neurosurgeon, psychiatrist, founding president of the American Holistic Medical Association, and president of Holos Institute for Health. An international speaker and researcher, he holds ten patents for innovative discoveries and introduced the concepts of Dorsal Column Stimulation and Transcutaneous Electrical Nerve Stimulation (TENS), both now used worldwide. He has published over 300 articles and is the author of twenty-five books, including his most recent from A.R.E. Press, *Medical Intuition: Your Awakening to Wholeness*.
