John Van Auken

Mark your calendars now to enjoy a long rich weekend retreat on the beautiful Monterey Peninsula with one of Edgar Cayce's ancient mysteries experts, the popular teacher John Van Auken. Learn about your soul's ancient experiences and how these past lives affect your present talents, relationships, circumstances, and, of course, your karma (good and bad). John brings a wealth of information, insight, and amazing slides that reveal the affects of reincarnation from ancient soul experiences in Atlantis, Lemuria, Egypt—even in starry realms beyond Earth! His storytelling skills are now legendary, as he has been sharing tales of ancient peoples for nearly 40 years. Amid California's beautiful coastline you'll take a journey into your soul's earliest experiences, when we were "the Morning Stars that sang together" as we descended from heavenly realms into this physical world and physical bodies. Learn how to awaken to your deeper, immortal self and once again enjoy heavenly energies in this present, purposeful incarnation. Your soul sought to enter this present life, now take it to see a visual journey through its classical sojourns.
