Edgar Cayce and Prophecy

Understanding the Times We Live in with John Van Auken

Humanity and the planet are experiencing many profound changes, and even more profound changes are coming. Many prophecies point to our current time as one of major change—from 534 BC, when the Archangel Gabriel first told the prophet Daniel there is a time set for the end of this age, to the Edgar Cayce statement that now is the time of which the Archangel Gabriel spoke. Our planet will change. Our bodies will change. The people of the earth will be changed. ***A new world is going to begin, transforming us for the long-awaited new age.***

John Van Auken, author of the best-selling *2038: The Great Pyramid Timeline Prophecy*, will present an in-depth look at what has been predicted for our times and why change must occur. During this fascinating program, you will explore:

- The prophecies of the Bible, the Archangel Gabriel, Jesus and His mother Mary, the Book of Revelation, Nostradamus, the Bishop of Malachy, and more
- Edgar Cayce's visions of the future of humankind and the earth
- The coming metaphysical changes to our planet and our bodies
- Worldwide political and religious changes that will yield a new worldview of life's purpose and God's role for us
- The spiritual "earth changes" each of us must experience as we enter a New Age

John will also use star maps, indicating the movement of the sun through the ages and where they are now. He will also address current issues among Jews, Christians, and Muslims, as well as the future of the major religions.

Despite the magnitude of some of the changes, John presents a very positive approach, following the spirit of Jesus' analogy that the changes are simply the "birth pains" of a new age of enlightenment, global community, closer harmony with nature, and a more cosmic consciousness of Universal Forces.

"... for many conditions have arisen, and are to arise, that will make sudden changes, and vital changes, in the life in the earth plane of the entity."
