# Soul Lessons, Soul Patterns

## Awakening to Past Lives, Future Lives, and Life Between Lives

with Past-Life Regressionist Peter Woodbury, MSW

Take a true journey of the soul! During this fascinating day of self-exploration and personal enlightenment you will gain firsthand experience in accessing the deeper recesses of your mind and consciousness. The very realm in which you can commune with your soul mind—reaching into all you have been and ever will be—exists within you and can be accessed for greater soul growth and awareness.

Through regressions, progressions, and self-guided imageries during this Edgar Cayce-focused workshop, you will experience and learn:

- The purpose and meaning of life from our creation as souls to our involution into Earth
- How our souls progress through the laws of karma and grace
- The role of soul groups, soul mates, and twin souls in our spiritual evolution
- How we work through our soul path for our next lifetime—known as “Pre-life Planning”
- Understand the evaluation process known as the “Afterlife Review”
- Learn about Cayce’s unique perspective on “Interplanetary Sojourns” that occur in our life in-between lives
- The role our angels, guardians, and council play in our development, and how to access them
- AND understand your unique place in the “grand scheme”!

You will also experience a special group hypnotic regression with emphasis on reaching the life-between-lives state and contact with your personal guides. You will understand the process of hypnosis, regression, and progression and how it can be used for healing and self-awareness—even if you don't believe in reincarnation or future lives!

With practical insight, deep knowledge, and humor, Peter will help you explore the possibility of future life contact as Cayce himself did in his dreams. You'll learn about the Cayce information on the nature of the soul and the various levels of consciousness beyond the third dimension and even travel to the Akashic “Hall of Records” and glimpse the record of your own soul's journey!

**Tap into past, present, and future lives that are  
having a major impact upon your soul development!**

Don't miss this insightful, life-changing event—exploring your own unique soul self and learning how you can apply spiritual principles in the earth, raising your consciousness in the process.

**Peter Woodbury, MSW** psychotherapist, hypnotherapist, and past-life regressionist, will explain the Universal Laws and how they apply to you. Peter will outline our soul's story up to the present moment and will lead a past-life regression taking you to the life-between-lives state to commune with your personal guides and council. You will come away from this program with not only an intellectual understanding of life purpose, but also a personal, direct experience of where you fit into the divine plan! You won't want to miss this program with this illuminating teacher and instructor of the A.R.E. annual Past-Life Regression Certification Program!
