While life on earth is bound by time, life on the other side is as timeless and infinite as our soul. On the other side, we are able to move beyond our limited five earthly senses as we spiritually evolve ever forward to find our way Home.

The Cayce readings indicate that life and death are one continuous experience, and that “stepping through God’s other door” doesn’t stop the interplay between the two worlds. During this inspiring event, we will explore the soul’s journey in all its facets as we learn that death is nothing to fear, but is part and parcel of our life’s continuous journey of the soul.

Join us as we explore neurosurgeon and Proof of Heaven author Dr. Eben Alexander’s profound near death experience and what he learned while he was plunged into the deepest realms of consciousness, as he shares the next phase of his journey: to understand the true origins of consciousness and uncover ways to cultivate a state of harmony with the universe and our higher purpose. Karen Newell, co-founder of “Sacred Acoustics,” will guide you through a special meditation designed to create an expansive internal state, allowing you to access intuition, manifest healing, find creative inspiration, and obtain spiritual guidance.

Special guest Corinne Cayce, MA helps us understand the stages of grief and how grief never really leaves us, but evolves with us over time. Psychotherapist and regressionist Peter Woodbury, MSW explores the cycle of karma and grace from the Edgar Cayce readings and takes you on a guided group past-life regression for soul healing. And in a unique presentation, world-renowned ghostbuster, healer, and psychic Echo Bodine will share fascinating true ghost stories and explore the reasons why some souls choose to be earth-bound—and how you can prevent this from happening to you!

Some that have crossed over remain to provide support and guidance to those still on earth, through afterlife communication. You will witness the unending connection with loved ones through random readings for audience members. And, angel messenger Karen Paolino will teach you powerful alignment techniques that simplify connection to your own Divinity that can also help you connect and communicate in oneness with your angels, guides, and loved ones in spirit.

Experience the wisdom and comfort we can receive from those who have crossed over and learn how these glimpses of beyond provide us with reason to believe that life is eternal and love is everlasting, and celebrate the boundless nature of the human soul!
