International Prayer List

Dear Prayer Healing Friends,

We continue with the sixth installment of *The Story of Edgar Cayce*. Gertrude, his wife, had been healed of tuberculosis after following the protocols of her health readings. As Edgar Cayce's notoriety grew, he was investigated by a delegate from Harvard University.

Thank you for being a part of this joyful service!

In Love and Light,

THE STORY OF EDGAR CAYCE: Kevin J. Todeschi

That same year, a delegate from Harvard University, Dr. Hugo Münsterberg, investigated Edgar Cayce. The purpose of the visit had been to determine whether or not Cayce's work was fraudulent, but by the time Münsterberg left Hopkinsville, he had become convinced of the legitimacy and effectiveness of the readings. Still, Edgar was happiest being a photographer, and he decided to dissolve his partnership with Ketchum, his father, and Noe. He obtained a job as a photographer in Selma, Alabama. The following year, he bought for himself the studio where he had been employed.

In Selma, Cayce was able to escape from the readings' notoriety and live a quiet life, but that normalcy did not last long. One day his son, Hugh Lynn, was playing with flash powder in the studio and severely burned his eyes. The local doctors gave no hope that the boy would ever see again. In fact, they said

he was blinded in one eye, and they recommended removing the other eye due to the extent of the damage. Cayce decided to give a reading instead. During the course of the reading, he gave assurance that sight was not gone. He recommended an additional compound to be added to the solution that had been prescribed by the doctors and stated that Hugh Lynn should remain in a darkened room for two weeks with his eyes bandaged. No eye surgery was performed, and when the bandages were removed, the boy could see. Local newspapers picked up the story, and again Edgar Cayce's fame grew. In addition to his job and his work as a Sunday school teacher, he once again began giving readings. On February 9, 1918, Gertrude gave birth to another son, Edgar Evans.

As Cayce's reputation as a psychic grew, the request for readings

AS HELP IS RECEIVED, REMEMBER TO THANK GOD, THE GIVER OF ALL GOOD AND PERFECT GIFTS.

The Edgar Cayce readings emphasize the importance that those who are seeking help and healing through prayer actively participate in the prayer effort—praying for themselves and others on the list—creating a cooperative prayer effort. In the giving comes the receiving.

continued and he was faced with a problem. Although people were being helped by the readings, many were having difficulty finding doctors to carry out the treatments that were being recommended. Doctors seemed hesitant to follow the guidance of a sleeping psychic who, in many instances, had never even seen the people he was diagnosing. This situation led to Cayce's dream of establishing a hospital, staffed with fully qualified doctors, nurses, and therapists, who would carry out the treatments recommended in the readings.

This pursuit of a hospital caused Edgar Cayce to form an ill-fated partnership with others who were seeking oil. He went to Texas to give readings on possible oil sites, but was repeatedly disappointed. The readings made it quite clear that the information was never to be used for financial gain and that some of his partners did not share his dream of a hospital. Some wanted the money only for themselves.

After repeated failures to find oil, Cayce returned to Selma and picked up where he had left off. He had his wife, his two sons, his business, and the church. His Sunday school classes became the most popular in the county because Cayce had the ability to make the Bible come alive. In the fall of 1923, he hired a secretary, Gladys Davis, to take down the information in the readings, while Gertrude conducted them and asked her sleeping husband the questions.

Until 1923, most of Cayce's readings were limited to medical and physical conditions. That year, however, a printer from Dayton, Ohio, who had obtained successful readings for two of his nieces, asked Cayce for a horoscope reading. Toward the end of the reading (5717- I) the sleeping Cayce spoke the curious sentence: "He was once a monk." That statement opened the door to a whole new area of re search—the possibility of reincarnation—and Edgar was faced with a new dilemma.
