

***The past two years have been challenging on many levels, and as 2021 draws to a close, many of us continue to resolve to live the life our souls intended by working on our inner selves and enhancing our spiritual practices.***

We invite you to join us for this annual tradition and explore core topics and techniques that Cayce assured us could help accelerate our soul's growth and personal development.

Using the transformative power of the *A Search for God* study group material—considered by many to be Edgar Cayce's greatest legacy—and other inspirational teachings, long-time Cayce students / teachers John Van Auken, Judith Stevens, MK Welsch, Christopher Fazel, MDiv, and John Schroeder will share unique, powerful tools for shaping your current and future life in practical, readily-applied ways. But you don't need to be in a study group to benefit from these soul-expanding lessons, like:

- Learning to keep your spiritual resolutions
- Discovering how to stay spiritually and personally motivated to make positive life changes
- Awakening the Christ pattern within
- Understanding how your "ideal" can guide you along your life's path

- Applying meditation and chanting to uplift and transform your body-mind-spirit

Experience this inspiring program online at your own pace, and even join an inspiring "midnight meditation" that you can view at midnight to ring in the New Year—or any time!

Special discounts are available for current *A Search for God* study group members, as well as scholarship funds for those who need assistance.
