### A.R.E./Glad Helpers' International Prayer List

#### Dear Prayer Healing Friends,

This month we received a call from someone requesting prayers who said, "The local medical people are trying to frighten me, but I have faith." She continued, "I have seen the power in the Glad Helpers Prayer Group. They saved my son's life."

Calls and letters like this are not the exception; they are the rule. We would like to thank each person who is praying with us, from wherever you are in the world. You are adjunct members of The Glad Helpers, and although all the praise and honor go to God (Spirit), our heartfelt thanks surround you as we begin a new year together.

We continue with Part 3 of the 3744 Series, "Psychic Phenomena Through the Subliminal: The Forces." Cheers!

#### PSYCHIC PHENOMENA THROUGH THE SUBLIMINAL:

Part 3, 3744 Series, The Forces, (continued)

Commentary by Gladys Davis, with Judith Stevens

This psychic reading given by Edgar Cayce at the Phillips Hotel, Dayton, Ohio, this 8th day of October, 1923, in accordance with request made by [5717, Arthur Lammers], [953, M. B. Wyrick], [294, Edgar Cayce], [4121, George Klingensmith], and [5453, Linden Shroyer].

PRESENT: Edgar Cayce; Linden Shroyer, Conductor; Mamie Rosenberg, Steno. Others (?) TIME OF READING: 3:00 p.m. Dayton, Ohio.

(Q) Please give a definition of psychic phenomena. (A) PSYCHIC means of the SPIRIT or SOUL, for cooperation of the Phenomena, or manifestation of the workings of those forces within the individual, or through the individual, from whom such phenomena, or of such phases of the working of the spirit and soul, to bring the actions of these to the physical plane, Phenomena meaning on the act itself, brought to the

attention, or manifested in such a way as to bring the attention of an individual to the work itself. [See 900-19 for expansion on this.]

Psychic in the broader sense meaning spirit, soul, or the imagination of the mind, when attuned to the various phases of either of these two portions of the entity of an individual, or from the entity of others who are passed into the other planes than the physical or material; yet in the broader sense, the Phenomena of Psychic forces is as material as the forces that become visible to the material or physical plane. [See 900-19, 1/15/1925].

Psychic forces cover many various conditions, depending upon the development of the individual, or how far distant the entity is from the plane of spirit and soul forces.

## January 2023 Affirmation

“The love that is being expressed in my life to others through Him is [being made] alive in me and my loved ones!”

ECRL 281-8

The Edgar Cayce readings emphasize the importance that those who are seeking help and healing through prayer actively participate in the prayer effort—praying for themselves and others on the list. This creates a cooperative, unified prayer effort. In the giving comes receiving.

**AS HELP IS RECEIVED, REMEMBER TO THANK GOD, THE GIVER OF ALL GOOD AND PERFECT GIFTS.**

PSYCHIC means not understood from the physical, or material, or conscious mind.

PSYCHIC means that of the mind presenting the soul and the spirit entity as manifested in the individual mind. Then taking the phases of that force, we find all Psychic Phenomena or force, presented through one of the acknowledged five senses of the physical or material body,—these being used as the mode of manifesting to individuals. Hence we would have in the truest sense, PSYCHIC, meaning the expression to the material world of the latent, or hidden sense of the soul and spirit forces, whether manifested from behind, or in and through the material plane.

(Q) How many kinds of Psychic Phenomena are known to [humanity] at the present time? [1923]  
(A) Almost as many as there are individuals, each entity being a force, or world within itself. Those of the unseen forces become then the knowledge of the individual, the power of

expression, or of giving the knowledge obtained, being of an individual matter.
