A.R.E./Glad Helpers'
International Prayer List

Dear Prayer Healing Friends,

On January 3, we prayed emergency prayers for someone in the hospital describing himself as "at death's door." He had already bid his granddaughter goodbye.

His sister said that the emergency prayers brought on a total recovery and she sent her deepest thanks. The hospital released him in the next two to three days.

A gentleman called who had been wrongfully accused and once spent ten months in prison for something he did not do. While there he found a copy of the A.R.E. Prayer List and requested prayer. When he received the list with his name, he was amazed. "People who didn't even know me were praying for me."

He then found a book with the A.R.E. Prison Program address and began receiving books. "God was waiting for me in prison," he said. "Edgar Cayce sent me those marvelous books. I've forgiven the judge and forgiven those who brought charges against me. Thank you." A.D.W., TX

We continue with Part 4 of the 3744 Series.

PSYCHIC PHENOMENA THROUGH THE SUBLIMINAL:

Part 4, 3744 Series, The Forces, (continued)

Commentary by Gladys Davis, with Judith Stevens

(Q) Definition of the word MIND. (A) That which is the active force in an animate object; that is the spark or image of the Maker. *Mind is the factor that is in direct opposition of will.* (Italics mine, js) Mind being that control of, or being the spark of the Maker, the WILL, the individual when we reach the plane of man. Mind being and is the factor governing the contention, or the interlaying space, if you please, between the physical to the soul, and the soul to the spirit forces within the individual or animate forces. We have the manifestation of this within the lowest order of animal creation. These are developed as the mind is developed, both by the action of all of the senses of the body, as we have them developed in man. MIND is THAT that reasons the impressions from the senses, as they manifest before the individual.

THE ACTIVE PRINCIPLE THAT

GOVERNS MAN. MIND a factor, as the senses are of the mind, and as the soul and spirit are factors of the entity, one in all, all in one. We are speaking from the normal plane, of course. As the impressions are reached to the storehouse of the body, the mind is that factor, that principle, that portion that either segregates, correlates or divides the impression to the portion needed, to develop the entity or physical force toward the spark or infinite force, giving the life force to the body. The mind may be classified into the two forces, as that between the physical and soul, and that between the soul and spirit force.

We see the manifestations of this, rather than the object or the mind itself. We find this always manifested through one of the senses, the same as we find the Psychic forces a manifestation of

February 2023 Affirmation

“There is being raised within me that Christ Consciousness that is sufficient for every need within my body, my mind, my soul.”

Edgar Cayce reading 281-7

The Edgar Cayce readings emphasize the importance that those who are seeking help and healing through prayer actively participate in the prayer effort—praying for themselves and others on the list. This creates a cooperative, unified prayer effort. In the giving comes receiving.

AS HELP IS RECEIVED, REMEMBER TO THANK GOD, THE GIVER OF ALL GOOD AND PERFECT GIFTS.

the soul and spirit; the MIND a manifestation of the physical.

With the division of the mind force as given, we see why in the physical plane individuals become misunderstood or misrepresented. They do not reach the same manifestations from other individuals. Hence the expression, “They are all of one mind.” “To DO GOOD, they become of one mind, TO DO EVIL they are many.” The nearer approach the mind comes to the divide, between the soul and spirit forces, the nearer we become to that infinite force that guides when it is allowed to the individual’s actions day by day.

Definition of the words “conscious mind”: The CONSCIOUS means THAT that is able to be manifested in the physical plane through one of the senses.

Definition of the words “sub-conscious mind”:

That lying between the soul and spirit forces within the entity, and is reached more thoroughly when the conscious mind is under subjugation of the soul forces of the individual or physical body. We may see manifestation in those of the

so-called spiritual minded people. The manifestation of the subconscious in their action. That portion of the body, better known as the one that propagates or takes care of the body—physical, mental, moral or what not, when it is not able to take care of itself.
