A.R.E./Glad Helpers'
International Prayer List

Dear Prayer Healing Friends,

Please join the Glad Helpers and World Affairs Group in our daily peace prayer and group Ideal.

“Create in me a pure heart, O Lord. May we each, as individuals, and a group, show love and compassion to all beings as we strive to manifest Your Oneness. I invite the Universal God/Love Consciousness to bring about health and balance in my own life, generating peace that may be reflected outward to the world. Help me to seek the loving face of God to transform fear, and to change my inner talk to words and thoughts that reflect my ideal of peace.

“Thank you for showing me the value of democracy, cooperation, and active listening. Help me to visualize Russians and Ukrainians, all Americans, all humans, all life-forms, wherever there is war and conflict, working together to rebuild shattered buildings and shattered lives, overcoming the human suffering all have endured.”

Part 6 of the 3744 Series continues.

PSYCHIC PHENOMENA THROUGH THE SUBLIMINAL:

Part 6, 3744 Series, The Forces, (continued)

Commentary by Gladys Davis, with Judith Stevens

(Q) Why do so many people ridicule the idea of good being obtained through Psychic Readings?

(A) Lack of understanding of law governing so-called Psychic force, or powers.

The lack of understanding is lack of consciousness being brought to the individual of potential powers that are manifest in and through psychic or occult [hidden] forces. Many are caused by the lack of the proper usage of the knowledge or understanding obtained through such force, for the incorrect use of such knowledge may and would bring destructive elements.

The lack then of discernment between that which is of physical, physical-material, material—and that of soul and spirit, which is, in reality, the life-giving force in any object. The only real life being that, which in the material or physical plane, is called psychic. The ridicule then being only that of mis-application or misunderstanding or mis-use of the condition that is to be met, and that with which it is to be met.

Ridicule of such forces rather than being condemned, those are to be pitied, for

they must eventually reach that condition where the soul awakens to the elements that are necessary for the developing, for without the psychic force in the world, the physical would be in that condition of “hit or miss,” or that as a ship without a rudder or pilot, for that element that is the building force in each and every condition is the spirit or soul of that condition, which is the psychic or occult [hidden] force. No healing is perfected without some psychic force exerted. For, as we would have, whether of operative or of medicinal forces, or of directing of organic forces to produce within themselves, that necessary to compete with conditions found within the body in distress or disease. The force represented, that counteracts, is nothing more or less than the active force exerted in psychic force. All of the elements that go to make up the expressions reached to the mental forces of an individual, are actions of the psychic forces from another individual, and is the collaboration of truth as found in the individual or entity expressing, or

April 2023 Affirmation

“ . . . Use me, O Father, as Thou seest that I may best serve my fellow man.”
Edgar Cayce reading 281-11

The Edgar Cayce readings emphasize the importance that those who are seeking help and healing through prayer actively participate in the prayer effort—praying for themselves and others on the list. This creates a cooperative, unified prayer effort. In the giving comes receiving.

AS HELP IS RECEIVED, REMEMBER TO THANK GOD, THE GIVER OF ALL GOOD AND PERFECT GIFTS.

manifesting itself, one with the other. (See 900-25, Par. 6-A) Hence, the force in the violation of law of curative forces, for mental or physical conditions existing within the [person].

(Q) What period in the world’s history were Psychic Readings given?

(A) That as given among the Chaldeans [ancient Semitic people who became dominant in Babylonia, well versed in occult—hidden—arts; savants, astrologers, magi] was first used as the means of assistance to the physical bodies. Not as applied in the present day usage of such force or Phenomena, but that as the natural means of expression of that unseen force of the soul and spirit of an earthly individual manifesting with and through the material or physical body, and giving that life giving flow of such manifestations, nearly four thousand years before the Prince of Peace came.

(Q) Should Psychic Readings be used for purposes other than for the assistance of curing human ills?

(A) That knowledge of all universal force that may be obtained through the psychic force is that of man’s individual condition to be dealt with. All force that may be obtained from such source, and not used as self-aggrandizement, [to enlarge oneself] or for the selfish purposes of the physical attributes, may be, should be, used and given to the world.

The understanding of all laws, for that is the law, the understanding of the law pertaining to any given condition. Then we would give any condition that may be met through such knowledge without the

advantage taken of another individual, through its lack of such law or knowledge, should be used. The use of psychic force by any individual, is only the using of that spiritual law that makes one free, but not freedom to take advantage, no more than that the Gods [See 3744-5, Par. 40-A re: gods] take advantage of the knowledge of [human] weaknesses to use them as means of destructive forces.

Through [humanity], all law to the physical plane or material plane is made manifest, but the manifestation is of the compliance as made with the law. The knowledge of such gained through psychic force cannot be abused without receiving the same condition under which this puts such a condition upon the individual.
