Past-Life Regression Hypnotherapy Training Certification | LIMITED ENROLLMENT!
with Peter Woodbury, MSW
October 22-27 • Registration: Sunday, Oct. 22 at 4:30 p.m.;
Program Concludes: Friday at noon
Program prerequisite: Students must have experienced at least one hypnosis session before attending class.

You will explore:

• Past-life regression therapy
• Hypnosis and hypnotherapy techniques
• Overseeing the healing process
• The mind-body-spirit connection
• Edgar Cayce’s perspectives on healing past-life trauma

Students will witness the process in a classroom setting and will have the opportunity to practice these methods as both practitioner and client, conducting at least three regressions and experiencing at least three regressions. Each student will receive individualized attention and training using state of the art technology to ensure an optimal learning experience.

This course will focus on both the spiritual and physical healing aspects of past-life regression therapy.

Taught by psychotherapist, hypnotist, and Harvard University graduate Peter Woodbury, MSW, who was trained by Dr. Brian Weiss, Dr. Allen Chips, and Dan Brown, PhD, Peter’s technique involves practices that include: induction or the process of entering trance; the regression experience; and review with client in the waking state. He will draw from Edgar Cayce’s teachings, focusing on spiritual purposes and ways of using prayer and protection that will fit the client’s belief system.

Edgar Cayce himself recommended hypnosis as a tool for healing and transformation. He advised that “the study of self…may best be done by suggestive forces to the body through hypnosis.”
